Consent is hereby given to E. L. SHELLEY. %
for the execution of plumbing work for sewerage and water supply in
accordance with this plan and the By-Laws Regulations and Requirements
of the Board.

All plumbing work for sewerage and water supply shall be carried out
by a plumber licensed by the Board.

House connection drains are to be constructed in accordance with
Drawing H.S.A. 1-3. and Instruction. H.S.N. No.94.

Positions of House Branch Sewers are to be determined by measurements
recorded on this plan.

This plan is issued subject to the Owner accepting all responsibility
for the drains indicated by green lines being in the positions shown and at
a suitable level for the connection thereto of the additional work and for
such drains being in good order and condition.
